

Video Production of Documentary Film “Chinese Character Civilization and Japan”

A legacy project between Wang Min, emeritus professor at Hosei University, and the late Wataru Hiraizumi, former KIIP President. The project is now at the stage of editing and adding music, and we aim to have the video complete by July 2025 to mark the 10th anniversary of Mr. Hiraizumi’s passing. The project is moving ahead through monthly meetings involving Wang Min (scriptwriter), Shoji Itabashi (director), and Nobuyuki Hiraizumi (producer).
